

JavaScript CheatSheet

- Window Object
- Window Methods

A large, bold, black 'JS' logo is centered on a solid yellow square background. The square is positioned on the right side of the page, overlapping the bottom half of the main title area. The 'JS' letters are in a thick, rounded font.

Window Object Methods

alert()

Displays an alert box with a message & an OK button

atob()

Decodes a base-64 encoded string

blur()

Removes focus from the current window

btoa()

Encodes a string in base-64

clearInterval()

Clears a timer set with setInterval()

clearTimeout()

Clears a timer set with setTimeout()

Window Object Methods

close()

Closes the current window

confirm()

Displays a dialog box with a message and an OK and a Cancel button

getComputedStyle()

Gets the current computed CSS styles applied to an element

getSelection()

Returns a Selection object representing the range of text selected by the user

matchMedia()
